Re: Errata: Application by Qwest Communications International, Inc. for Authorization to Provide In-Region InterLATA Services in the States of Colorado, Idaho, Iowa, Montana, Nebraska, North Dakota, Utah, Washington, and Wyoming. WC Docket No. 02-314

Dear Ms. Dortch:

AT&T has discovered an error in the calculation of UNE-zone margins contained in Exhibit B-2 (IA) of the Declaration of Michael R. Lieberman and Brian F. Pitkin that was submitted with AT&T's October 16, 2002 comments. While the state-wide range margin for Iowa was accurately calculated, the zone-specific margins inadvertently did not reflect the interLATA and intraLATA toll contributions.

Attached is a corrected version of Exhibit B-2 (IA). This document contains confidential information and is being filed under seal pursuant to the protective order entered in the above-referenced proceeding.

Sincerely,

A handwritten signature in cursive script that reads "Amy L. Alvarez".
